Font sizes

**Note:** All font sizes will be updated later after reviewing it .

1- **header-size:36px** && **text-size:16px .**

2. **sec-text-size:20px**

3. **input-txt-size:12px**

Routing

1- install " react-router-dom" .

2- Made a Layout component for holding Nav ,Footer and children (Any components have Nav and Footer).

3-ErrorElement : customizing error page
Ex:

Specific 404 page for unknown route **=> E-commerce/blablabla ,**

Catches errors in all child routes**=> E-commerce/home/blablala.**
